## Resolution of Class Solidarity with the Communist Party of India (Maoist) and the People's War It Leads

Published on November 1, 2016<sup>1</sup>

Fifth Meeting of Marxist-Leninist-Maoist Parties and Organizations of Latin America

The parties and organizations participating in this Fifth Meeting extend their warmest communist greetings to the glorious Communist Party of India (Maoist), its Central Committee, and its General Secretary, Comrade Ganapathy, to all the fighters of the People's Liberation Guerrilla Army, to the organs of the new Power, and to the broad masses of the people of India who, rising up in people's war, are waging a heroic struggle that is a beacon of hope for the international proletariat and the peoples of the world.

The people's war in India constitutes a very important detachment within the vanguard of the revolution in the world; it is part of the powerful new great wave of the world proletarian revolution that has begun to develop under the command and guide of Maoism. At present, it is a strategic reference point for the liberation struggle of the peoples of the world to defeat imperialist aggression. Its victory will change the balance of forces between revolution and counterrevolution worldwide, and all communists, revolutionaries, and progressives in general have a duty to support it with all their strength. From Latin America, we send the message that here we will advance by redoubling our efforts to develop the people's war and thus continue to march side by side with our brothers in arms in India.

We also express our strong rejection of imperialism, reaction, and revisionism of all kinds that attack the CPI (M) and the people's war it leads. We especially condemn the old Indian state and the evil regime in power that seeks to drown the people's struggle in blood. We condemn the ongoing genocide against the poorest masses, particularly those of peasant origin, as well as the persecution of revolutionary and democratic forces in the countryside and cities, who courageously take a firm stand for the rights of the people. We demand respect for the rights, lives, and health of our brothers who are prisoners of war, such as Comrade Ajith.

We are fully confident that the communists of India, leading the people in a people's war, will bring the democratic revolution to its culmination, continue uninterruptedly with the socialist revolution, and, with cultural revolutions, march together with us and all humanity toward our common goal, the ever-golden communism.

**Long live the Communist Party of India (Maoist)!**
