To the Committee to Build the Maoist Communist Party of Galicia,

To the International Communist Movement,

To the proletariat and oppressed peoples of the world,

Dear comrades,

With deep sorrow, the Communist Party of Brazil Red Faction and its Central Committee received the news of the death of our dear Comrade Miguel Alonso. In view of this great loss, we would like to convey our condolences to your Party, leaders, militants, and the masses, and we ask you to extend our sympathy to all his relatives and loved ones. In the memory of Comrade Miguel Alonso, we raise our red flags to salute his glorious life, eternalized in his communist example.

An outstanding propagandist and organizer, Comrade Miguel Alonso was the great founder and leader of the Committee to Build the Maoist Communist Party of Galicia, making invaluable contributions to the Revolution in that country. Through Dazibao Rojo and other tools, he made an invaluable contribution to the propaganda of Maoism, people's war, and the struggles of the proletariat and oppressed peoples around the world.

In the course of his long career as an unconditional internationalist, Comrade Miguel Alonso, in addition to being a devoted servant of the people in his country, as a staunch anti-revisionist, stood out for his defense of the reconstitution of the Communist Party as a true Marxist-Leninist-Maoist communist party. He was a tireless and selfless supporter of the struggles of the oppressed peoples and nations around the world and a militant supporter of their political prisoners and revolutionary prisoners of war. A defender of the people's war in Peru and its contributions to the World Proletarian Revolution, he was always at the forefront of the struggle led by Chairman Gonzalo and the PCP to raise Maoism to their sole command and guide. He has played a leading role in the International Communist Movement in recent decades, firmly flying the red flag of Marxism-Leninism-Maoism, fighting revisionism and all opportunism,

defending the path of the invincible people's war. Since the fall of Chairman Gonzalo in 1992, Comrade Miguel Alonso has firmly defended his life and all-powerful thought, ruthlessly combating the Right Opportunist, revisionist and capitulationist Line and defending Gonzalo Thought as the sole command and guide of the invincible people's war in Peru. An enthusiastic propagandist of the Brazilian Revolution, especially of the heroic struggles of our peasantry, Comrade was, is, and always will be remembered by our Party, combatants, and the masses under his leadership as a dear friend of the Brazilian people.

When the fight against the new revisionism of Avakian and Prachanda became harsher, Comrade Miguel Alonso, demonstrating his status as a true communist, as an irreconcilable revisionist, did not condescend to his own mistakes, and practicing criticism and self-criticism, he put himself at the forefront of the fight against the new revisionism.

In recent years, Comrade Miguel Alonso fought tirelessly for the goal of holding a Unified Maoist International Conference to unite the ICM on the basis of Marxism-Leninism-Maoism. On this complex and difficult path, Comrade Alonso acted coherently and shrewdly in defense of basic principles and active ideological struggle, in the service of building true ideological, political, and organizational unity. With the death of Comrade Miguel Alonso, the International Proletariat and the ICM lose one of their best sons.

Despite this harsh loss, the international proletariat, grouping its vanguard in the International Communist Movement, is marching unstopably towards realizing the cause for which Comrade Miguel Alonso fought tirelessly throughout his life: *Unite under Maoism!* Under this banner of struggle, the communists will successfully carry out the UMIC and found a New International Organization of the Proletariat, based on Marxism-Leninism-Maoism, which will be a step forward in the reconstitution of the Communist International. In this great work, the life of Comrade Miguel Alonso is one of its cornerstones, and his memory will forever be celebrated in the gallery of our immortal heroes.

Dear comrades,

The world is shaken to its foundations, profound transformations are in the making. Great storms are churning the seas and shaking the earth, heralding a new period of revolution in world history. In this new period, the New Great Wave of the World Proletarian Revolution, which has already begun, the communists are preparing their weapons of combat, forming and reconstituting genuine communist, Marxist-Leninist-Maoist parties to unleash the People's War and wipe imperialism and all reaction off the face of the earth.

We are sure that the Central Committee of the Maoist Communist Party of Galicia (Spanish State) (MCP) will be able to transform this hard loss into more resolve, greater capacity and audacity to firmly follow the path trodden by Comrade Miguel Alonso,

which is also the path of all the international proletariat and oppressed peoples across the world.

Let's all march, following the shining path of Comrade Miguel Alonso and flying his red flag: Unite under Maoism!

Eternal honor and glory to Comrade Miguel Alonso!

Long live the Unified Maoist International Conference and the founding of a New International Organization of the Proletariat!

Long live Marxism-Leninism-Maoism, especially Maoism!

Long live the invincible People's War!
