

Report Regarding the Day of the International Proletariat

People's Class-Conscious Movement

Peru, May 2017¹

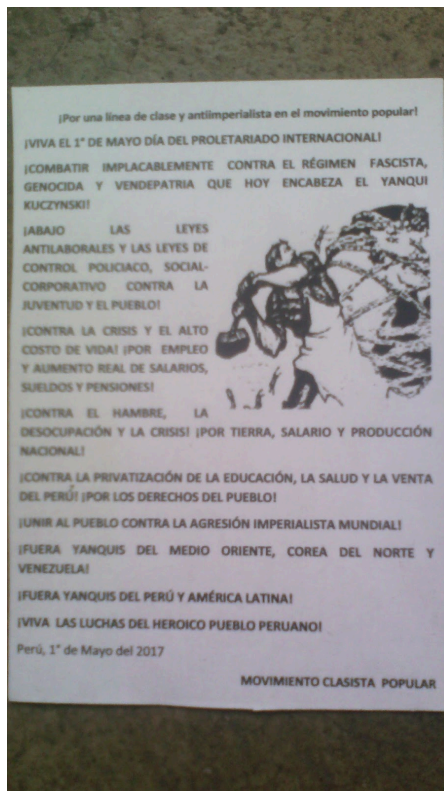

Dear comrades, receive our greetings for the Day of the International Proletariat, we have celebrated it in struggle and in the corresponding organizations, there are images that we will send you but the Revisionist and Capitulationist Right Opportunist Line revisionism is trafficking with the Great October Socialist Revolution and made a theater in the Plaza San Martin and Plaza Francia, they went to the Plaza 2 de Mayo and mobilized along Colmena Avenue and invited to their lunch with a camouflaged flyer with those of Alfa and Omega. But we have unmasked them and the comrades have leafleted all this mobilization and even in the place where the workers of RELIMA, the union of municipal and cleaning workers, were celebrating, it was almost in the whole capital city of the country, and we hope that it has taken root and caught the class orientation in the mass and the people who mobilized with the General Confederation of Workers of Peru and other miners' unions. Success in your revolutionary periodical work, and greetings to all the comrades of the Maoist Parties and Organizations of Latin America, Europe, India, and all countries!

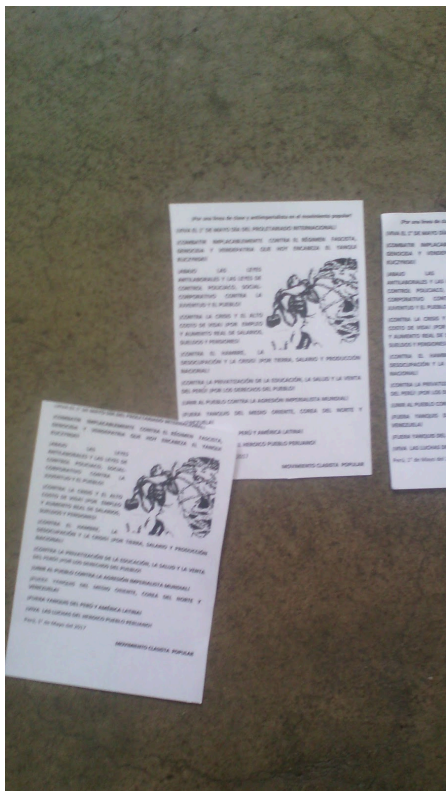

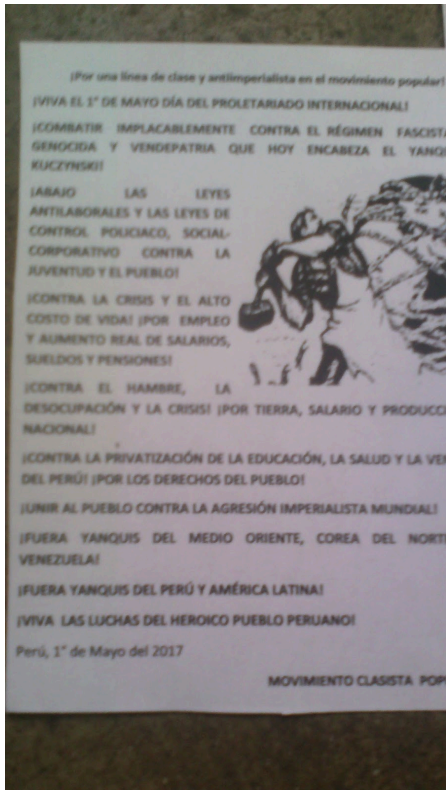

Honor and glory to the proletariat and the Peruvian people!

Honor and glory to the international proletariat and the Peoples of the world!
