of the Anti-imperialist Alliance in the
resistance against G20*

Communist Party of Peru

July 2017

We have seen the message in the publication of the Anti-imperialist Alliance that has carried out such a magnificent resistance against the meeting of the imperialists and their lackeys of the G20, this cohesion, strengthens and at the same time impels the work and the masses are ready, waiting for the PCP to ADVANCE AND OVERCOME THE BEND, to concrete the RGP (General Reorganization of the Party) AND WE HAVE LAID THOSE FOUNDATIONS FOR THAT PURPOSE.

We ask you to send our recognition to the members of the Anti-imperialist Alliance for their clear message and, likewise, to all the masses who have fought together with them and have given us this great triumph for the international proletariat and the peoples of the world, dealing a resounding blow to the imperialists and their lackeys. Their message has reached the proletariat and the people of Peru, we have felt very close their encouragement in struggle and with your shouts of combat: REBELLION IS JUSTIFIED! We ask to publish this short, but significant, greeting from our part attaching the message itself and the photos that follow.

ours! we send this message, among others to the poor peasants in Brazil who give their lives to deploy a great revolution; we send this message to all those who fight in Kurdistan, Syria and Iraq against imperialist aggression; we send this message to the comrades who give their lives in the people's war in Peru, Turkey, India and the Philippines to carry the revolution to the end; we send this message to all those who against the genocide and draconian repression of the Erdogan regime in Turkey hold high the banner of resistance; we send this message to all those who everywhere in the dungeons of reaction hold the flags of rebellion; we send this message to the communists and revolutionaries who despite their differences fight together in the imperialist countries in spite of everything to smash the imperialist beast.”
