

LONG LIVE THE 25TH ANNIVERSARY
OF THE SPEECH OF OUR GREAT
LEADERSHIP, CHAIRMAN GONZALO,
WHO SHINES BRIGHTLY AND
VICTORIOUSLY BEFORE THE WORLD!*

Peru People's Movement (Reorganization Committee)

September 2017

On the occasion of the celebration of the 25th Anniversary of the Speech of Our Leadership on September 24th, 1992, which shines brightly and defiantly to the world, we want to express our utmost revolutionary joy and optimism for the advancement of the national and international campaign in defense of the Leadership of Chairman Gonzalo and Marxism-Leninism-Maoism, Gonzalo Thought, guided by the PCP, currently carrying it as a counter-campaign of Marxist-Leninist-Maoist, Gonzalo Thought against the current black and crude campaign of imperialism, and the reaction with the assistance of revisionism, especially from the revisionist and capitulationist ROL (Right Opportunist Line) and its twin sister, the LOL (Left Opportunist Line), through the major national and international media outlets. The grand international celebration of the 25th Anniversary of the Speech of Our Leadership on September 24th, 1992, being carried out by Maoist parties and organizations around the world through statements, events, and various types of actions, is a clear demonstration of what we have stated:

We, as the PCP has done on this occasion: “declare, condemn, and brand with fire the dark and crude counterrevolutionary campaign of the media,

including television, radio, newspapers like El Comercio, and weeklies like Sucesos, etc., against our beloved and respected Chairman Gonzalo, leader of the party and the revolution, the greatest living Marxist-Leninist-Maoist on Earth, the center of party unification and the guarantee of triumph that leads us to communism. The leadership of Chairman Gonzalo is based on his all-powerful ideology. We tell you that no matter how much mud and all their rotten reactionary efforts they throw, they will not be able to tarnish his image as a great Communist Leader and his all-powerful Gonzalo Thought, all-powerful because it is true.”

Chairman Gonzalo is currently in the highest Luminous Trench of Combat of the People’s War.

Highlighting, amidst so many attacks on the Leadership, is the denouncement made by Chairman Gonzalo himself against the farce of the trial, where he exposes this sham and the accusation regarding the Tarata incident, debunking everything that the reactionary forces propagate in their dark propaganda. He addresses the errors that occurred, even labeling the judges as reactionaries, urging them to read the documents from the 1st Congress of the PCP. He clarifies that the objective was to win over the national bourgeoisie, that they were not the target. Regarding the issue of narcotics, he distances himself and takes a stance, stating that he does not require such substances and that he is fighting against the system and striving to change it all, etc. This serves to crush the reactionaries and revisionists who manipulate this to engage in trafficking and defame our Leadership, mainly those from the revisionist and capitulationist ROL and LOL, which accuse him of capitulation. They label the so-called “peace letters” as nothing but counter-revolutionary deceit orchestrated by the CIA-reactionary rats of the ROL.¹

“Constantly, the Peruvian reaction through its Low-Intensity Warfare carries out these counterrevolutionary campaigns, within the Yankee plans to defame, discredit, and the treacherous plan to annihilate our Leadership and make the PCP and the People’s War it leads for its General Reorganization and to overcome the difficult and complex bend.

We denounce, condemn, and will crush their dark plans and infamies against our Leader, Chairman Gonzalo, the eagle of our

party, advancing the People's War and serving the World Proletarian Revolution.”

As we mentioned at the beginning, the Maoist parties and organizations of Latin America, Europe, and other parts of the world have been taking actions and issuing greetings for this grand celebration. We express our gratitude to all of them on our own behalf and on behalf of the PCP.

As a greater expression of our gratitude to the international communist movement, we hereby publish attached the INTERVENTION OF CHAIRMAN GONZALO REGARDING THE PROGRAM AND STATUTES (1st CONGRESS OF THE PCP), which is a part of a much broader intervention. We believe this will be studied with great interest by the communists of the world.
