

LONG LIVE THE 29TH ANNIVERSARY OF THE PEOPLE'S WAR IN PERU!

Peru People's Movement

May 17, 2009

The Peru People's Movement, with great joy and revolutionary jubilation on this new anniversary of the people's war in Peru, salutes Chairman Gonzalo and the Communist Party of Peru. We express our elated salute to our class and the peoples of the world, and reaffirm ourselves in our great task of upholding, defending and applying Marxism-Leninism-Maoism, Gonzalo Thought, principally Gonzalo Thought, and imposing Maoism as the command and guide of the world revolution.

On this 29th anniversary we see how the international situation, as well as the national situation, show excellent conditions respectively for the world proletarian revolution and for the victorious people's war in Peru, that is its leading torch.

In Peru, even the reaction itself cannot keep quiet about the strength of the Party, but after singing their dirges for the casualties caused by the People's Liberation Army, begs the Yankees to send more weapons, more dollars, new helicopters to continue their desperate counterrevolutionary war, and Yankee imperialism is willing to give—but all they have given has failed.

They have given: training of troops, helicopters, torture training, weapons, men, presidents, etc. etc. But everything they undertake ends in failure. The People's Liberation Army has crushed their campaigns time after time, like the last ones called "Excelencia." The helicopters are being put out of combat time after time, and the Yankee eagle has to fly back home on broken wings. In ambushes, troops of the Peruvian reaction, as well as Yankee troops, are being annihilated, and all the new weapons and technical equipment come in handy for the combatants of the People's Liberation Army. In short, triumph for the people and defeat for the enemies of the people.

Like the whole world knows, imperialism is in crisis and is falling more every day. This diabolical system of exploitation and oppression can not continue. Its greater plundering of the peoples of the world generates more resistance every day. See the resistance struggles in Iraq, Afghanistan, Peru, India and others. The new chieftain of Yankee imperialism, the butcher and warmonger Obama, promises to send more troops to Afghanistan among other countries, firmly decided to murder the struggling people, but there, like in the whole world, the struggle of the people does not stop, and it is impossible for imperialism to survive this struggle of the peoples of the world. However: does this mean that we can sit down comfortably and wait, like the revisionists do? No!

The enemy will not perish of himself. Neither the Chinese reactionaries nor the aggressive forces of U.S. imperialism in China will step down from the stage of history of their own accord.¹

Nothing is going to change or disappear by itself. The only thing that the imperialists care about more than profit is their own survival, the survival of their system. For us, the peoples of the world, our duty is to crush them, give them the final blow. Our duty, as communists and revolutionaries, is to struggle for the reconstitution of the Communist Parties in all the countries in order to carry out people's war; this has to be on the agenda in every country, and it is necessary to drive forward the world campaign "Yankee Go Home."

The enemy has to be demolished, annihilated. The peoples of the whole world have to learn from the people's war in Peru and carry out people's war in every country under the leadership of militarized Marxist-Leninist-Maoist Communist Parties, and carry these people's wars through to the end—not stop half way. Peoples War until Communism!

And, full of class optimism we cry out:

**LONG LIVE CHAIRMAN GONZALO!
LONG LIVE MARXISM-LENINISM-MAOISM, GONZALO
THOUGHT!
LONG LIVE THE COMMUNIST PARTY OF PERU!**

¹Chairman Mao Zedong, *Carry the Revolution Through to the End.*

**LONG LIVE THE 29TH ANNIVERSARY OF THE PEOPLE'S
