

# Nothing and No One Can Stop the Successful Development of the Campaign for the Defense of the Life of Chairman Gonzalo and Gonzalo Thought\*

Peru People's Movement (Reorganization Committee)

September 2015

On the occasion of the celebration of the 22nd anniversary of our Great Leadership's speech on December 24th, 1992, which shines brightly and defiantly before the world, we want to express our joy and revolutionary optimism to the fullest for the progress of the national and international campaign in defense of Chairman Gonzalo's Great Leadership and Marxism-Leninism-Maoism, Gonzalo Thought.

In our country, the advancement of the campaign is embodied in the struggle of the leaders, militants, combatants, and masses of the PCP to fulfill the pending task of the general reorganization of the Party in the midst of the people's war and the life-and-death struggle against imperialism, reaction, and revisionism. Especially, this struggle is directed against both right opportunist lines (ROs) of revisionism and capitulationism. Both ROs attack Maoism, our Great Leadership, Gonzalo Thought, and the Party's Unity Base, serving the tricks of the Yankee CIA and Peruvian reactionaries, aiming to physically annihilate the Chairman. They are enemies of the people's war and supporters of parliamentary cretinism.

Therefore, in a tough struggle, the militants of the Party advance firmly united with the masses, subjecting themselves freely, fully, and unconditionally to Chairman Gonzalo and Gonzalo Thought, defending what was agreed

upon in the First Congress, Marxism-Leninism-Maoism, Gonzalo Thought, the program, and the BUP (Basis of Party Unity) with its center being the military line. They do so in all Party events, especially the Third Historical and Transcendental Plenum and in the speech of the Great Leadership that summarizes it and calls for the continuation of the People's War until communism.

In Latin America and around the world, the campaign continues to move forward, materializing also, as it should, in the application of Maoism to the specific conditions of each revolution. Maoism is being embraced and implemented in the process of reconstituting the Communist Parties, as expressed by different revolutionary parties and organizations immersed in this task. They have been taking the contributions and developments made by Chairman Gonzalo, the Communist Party of Peru, and the People's War in Peru, thus representing the highest expression of the application of Maoism so far, known as Gonzalo Thought. This is explicitly stated by revolutionary parties and organizations in countries like Brazil, Ecuador, Chile, Colombia, and others, as well as in Europe and other regions.

In summary, this important advancement in the campaign is expressed in the struggle of two lines within the international communist movement, where the left engages in armed struggle with Gonzalo Thought and the contributions of the PCP and the people's war in Peru. This is of great strategic significance because it means that the fight is concretely aimed at establishing Maoism as the sole leadership and guide of the new great wave of world proletarian revolution that is unfolding. Thus, the two campaigns are inseparably linked: the campaign for Maoism and the campaign for the defense of the life of Chairman Gonzalo and Gonzalo Thought.

We demand the live and public appearance of Chairman Gonzalo before the national and international press, and that he can address the public!

Long live the 23rd anniversary of the speech of our Great Leadership, Chairman Gonzalo, shining triumphantly before the world!
