

We Denounce a New Edition of the Hoax against Chairman Gonzalo, Leader of the Party and the Revolution*

Peru People's Movement

December 2020

The Peru People's Movement (MPP), an organization generated by the Communist Party of Peru (PCP) for the party work abroad, is addressing the proletariat and people of Peru and the international proletariat and peoples of the world to denounce the new edition of the hoax of the so-called "Peace Letters" of the CIA-Peruvian reaction with the service of the rats of the ROL.¹

A new edition of the hoax was presented by the former Minister of the Interior (of the Minter) Rubén Vargas of the government of Francisco Sagasti, former head of strategic planning of the World Bank, who, among one of his objectives, seeks to break up oppressed countries, a calloused servant of Yankee imperialism, elevated to the temporary presidency of the government of the old landowner-bureaucratic state at the service of imperialism, mainly Yankee, by means of a parliamentary coup promoted by the imperialist NGO IDL and IDL-Reporter Yaqui Gorriti.

On December 2, 2020, hours before resigning from the Minter, Rubén Vargas had announced the capture of 72 people accused of being linked to the PCP through "MOVADEF." The monopoly of the press at the service of the fascist, genocidal and homeland-vendor regime now headed by Sagasti, said that "with this announcement presented as a police success, Vargas hoped to reverse the criticism against him. But his situation was already untenable."

That was an attempt to cover the real purpose of this new edition of the hoax against Maoism, Chairman Gonzalo, the PCP and the People's War.

But the real purpose of this Yankee CIA operation is not the one announced, because the origin of this intelligence operation dates from 2015 and is directed by the CIA through Rubén Vargas himself, trained in counter-terrorism and anti-narcotics in the schools of the CIA and the DEA in the United States itself. For that reason, he has always been linked to that ministry as well as to "De Vida," an anti-narcotics organization that obeys Yankee direction and the struggle against the PCP. Furthermore, according to some newspapers, the high officials of the Minter do not currently report to the current Minister of the Interior José Elice but to the former Rubé Vargas, that is, a kind of new Vladimiro Montecinos.

This CIA operation is the continuation of the one set up by this spy agency of US imperialism to detain and then infame Chairman Gonzalo, presenting him as the head of the ROL, with the service of these revisionist and capitulationist rats to annihilate the leadership of the party and the revolution. This ROL is made up of traitors and revisionist renegades who have a vicarious class hatred for Maoism, Chairman Gonzalo, Gonzalo-Thought, the BUP,² the Party and the People's War.

The explosiveness of the masses in Peru and the whole world shows the magnificent conditions for the development of the world proletarian revolution. Therefore, this new edition of the hoax has as its concrete objective to avert the culmination of the general reorganization of the Party that will give a new impulse to the People's War in Peru and to avert the culmination of the reconstitution or constitution, as the case may be, of the Communist Parties in the different countries of the world, mainly in Latin America, as militarized Marxist-Leninist-Maoist parties to initiate the People's War at a time when the world revolution is entering a new period of revolutions.

The CIA-Peruvian reaction is trying to present the betrayal and total renunciation of the revisionist and capitulationist right opportunist line, the deadly enemy of Maoism and the People's War, as a tactical question by trying to divert the international proletariat and the peoples of the world from the road; by pretending that parliamentary cretinism, the electoral road, serves to "accumulate forces" for the moment to make the armed struggle or insurrection. The road followed by the ROL in Peru is the bureaucratic road opposed to the democratic road of the People's War. The path of the

ROL is that of betrayal of Maoism, Chairman Gonzalo, the party and the People's War, in the service of reaction and imperialism. It is the old service of revisionism to reaction and imperialism to try to postpone the revolution.

This new edition of the Hoax seeks to present the grotesque electoral revisionist of "MOVAREF" where the miserable rats of the right opportunist line (ROL), revisionist and capitulationist, act and group themselves, as "the third instrument of the revolution," the united front led by the PCP and the propaganda against the PCP and the People's War as "actions of agitation and armed propaganda" of the "second instrument of the revolution," the "EGP."³

We reject, condemn and mark with fire these miserable rats who, together with their Yankee CIA bosses and the Peruvian reactionaries, intend to infame Chairman Gonzalo, the greatest living Marxist-Leninist-Maoist on the face of the earth, as a revisionist and capitulationist who would be behind the revisionist electoral ogre "MOVAREF" in order to continue to accuse him of being the author of the CIA's "peace letters" and the right opportunist line.

For the general reorganization of the Party in and for the People's War!

Long live the People's War!

Down with revisionism!
